30 November 2010

Dear Mr Watson,

OBJ/31/14/1

We have read the points made by Alison and Stephen Cobb on behalf of the Freemen and of the Port Meadow Protection Group. We would like to add the voice of the Oxford City Committee of the Campaign to Protect Rural England in support of the points they are making.

In particular we are concerned that

- (a) there should not be traffic along the concrete track from Walton Well Road (**OBJ/31/14/1** Section 9) ;
- (b) there should be no car parking on the meadow by the allotments (**OBJ/31/14/1** Section 9.1.5);
- (c) full recognition should be taken of the sensitive ecology around the meadow end of the Aristotle Road foot bridge (**OBJ/31/14/1** Section 12.1.2)

Yours faithfully

Michael Daniell
Secretary

CPRE Oxford City Committee
